ED – Executive Director

FSSA – Family Social Services Agency

IL – Independent Living

PPR Report/704 Report – Federal Progress Performance Report

SPIL – Statewide Plan for Independent Living

What is a Statewide Independent Living Council (SILC)?

Each state and U.S. territory are required to maintain a statewide independent living council (SILC). The Council and the Centers for Independent Living (CILs) within the state develop a State Plan for Independent Living (SPIL). The SPIL is a document required by law that indicates how the IL Network is going to improve independent living services for individuals with disabilities over the next

three years. It identifies the needs and priorities of consumers, providers, and other stakeholders and sets forth goals and objectives to respond to them.

Having a strong network for independent living in a state or territory is crucial. Collaborating on the SPIL development can help create a cohesive and unified vision among all stakeholders who have an interest in issues that impact citizens with disabilities.
