1/21/2026	ACL Special Session	Jeremy	INSILC Outreach	Commends holding town halls but says publicity was weak and attendance repetitive; urges statewide public education on IL philosophy (many confuse IL with assisted living).	https://insilc.org/special-feedback-session-january-2026/	https://insilc.org/wp-content/uploads/2026/01/ACL-Special-Feedback-Session-1.21.26-Transcript-PDF.pdf	INSILC is working to improve outreach and marketing of town hall events which has led to improved attendance at each one. The idea to feature IL Philosophy at the town halls is an excellent suggestion and one we will work to incorporate.
1/21/2026	ACL Special Session	Larry	INSILC Outreach	Offers to help organize veteran outreach, noting many veterans don't know about IL; asks for direction and contact to start connecting veterans to INSILC/CIL resources.	https://insilc.org/special-feedback-session-january-2026/	https://insilc.org/wp-content/uploads/2026/01/ACL-Special-Feedback-Session-1.21.26-Transcript-PDF.pdf	Erica connected Larry and Mike to Veteran Directed Care resources on January 21, 2026.
1/21/2026	ACL Special Session	Breanna	Public Input/Comment	Says the meeting did not match expectations for open comment, and time for public input was unclear; expresses frustration that feedback isn't acted on despite repeated suggestions (including extending interpreters).	https://insilc.org/special-feedback-session-january-2026/	https://insilc.org/wp-content/uploads/2026/01/ACL-Special-Feedback-Session-1.21.26-Transcript-PDF.pdf	INSILC has heard feedback that it needs to have stronger after-meeting actions including reporting of those actions. We are remedying this with these public feedback trackers where we can be sure we've followed up and the public can also see what we've done.
1/21/2026	ACL Special Session	Gloria Garton	Public Input/Comment	Confirms the CAP is posted and updated on INSILC's site; invites feedback on outreach to marginalized communities and veterans.	https://insilc.org/special-feedback-session-january-2026/	https://insilc.org/wp-content/uploads/2026/01/ACL-Special-Feedback-Session-1.21.26-Transcript-PDF.pdf	INSILC is actively reaching out to veterans groups in the areas of its 2026 town halls. In addition, we will be hosting a veterans focus group this year to get data on the needs of the group.
1/21/2026	ACL Special Session	Gloria Garton	Public Input/Comment	Acknowledges time constraints; proposes topic focused follow up meetings, each tackling 1–2 issues to allow deeper dialogue and solution focused discussion.	https://insilc.org/special-feedback-session-january-2026/	https://insilc.org/wp-content/uploads/2026/01/ACL-Special-Feedback-Session-1.21.26-Transcript-PDF.pdf	INSILC and CILs have begun scheduling quarterly meetings to make space for deeper dialogue on issues that cannot be addressed during public business meetings due to time. INSILC is open to hosting another Special Feedback Session that is open to the public as it fits within the larger schedule.
1/21/2026	ACL Special Session	Jeremy	SPIL/CAP Writing Process and Approvals	Raises concern about network representation on the Council; questions whether all CILs are equitably included in SPIL work and appointments.	https://insilc.org/special-feedback-session-january-2026/	https://insilc.org/wp-content/uploads/2026/01/ACL-Special-Feedback-Session-1.21.26-Transcript-PDF.pdf	INSILC currently has 14 members, 13 of whom are voting members. Of these, 9—about 69%—are not employed by the State of Indiana or by any Center for Independent Living. Council composition is set by federal requirements and gubernatorial appointments, and the majority of current members meet the criteria of being individuals with disabilities who are not affiliated with a CIL.
1/21/2026	ACL Special Session	Kimberly (IL NET)	Systems Change	Urges network level conversation among CILs and SILC to rebuild trust and functioning collaboration; says hard conversations are needed to re establish a real network.	https://insilc.org/special-feedback-session-january-2026/	https://insilc.org/wp-content/uploads/2026/01/ACL-Special-Feedback-Session-1.21.26-Transcript-PDF.pdf	INSILC is open to having more Special Feedback Sessions where tough conversations can be had. These meetings can be scheduled with interest from the CILs and within INSILCs larger availability.

1/21/2026	ACL Special Session	Erica McFadden (ACL)	Transparency and Responsiveness	Clarifies SILC composition rules (cannot have more than half employed by CILs); appointments are made by the Governor; urges discussing CIL representation within the CIL director group.	https://insilc.org/special-feedback-session-january-2026/	https://insilc.org/wp-content/uploads/2026/01/ACL-Special-Feedback-Session-1.21.26-Transcript-PDF.pdf	INSILC is compliant with all Council composition rules.
1/21/2026	ACL Special Session	Erica McFadden (ACL)	Transparency and Responsiveness	Says ACL will review guardianship concerns; notes state oversight for Part B CILs and federal oversight for Part C; confirms ACL has discussed IL philosophy on guardianship with INSILC.	https://insilc.org/special-feedback-session-january-2026/	https://insilc.org/wp-content/uploads/2026/01/ACL-Special-Feedback-Session-1.21.26-Transcript-PDF.pdf	The Council will vote to approve the NCIL statement on guardianship at its public business meeting on March 11, 2026.
1/21/2026	ACL Special Session	Jim Ward	Transparency and Responsiveness	Critiques SILCs that become extensions of state government rather than consumer controlled bodies; calls on ACL to ensure consumer control and address exclusion of underserved communities.	https://insilc.org/special-feedback-session-january-2026/	https://insilc.org/wp-content/uploads/2026/01/ACL-Special-Feedback-Session-1.21.26-Transcript-PDF.pdf	INSILC agrees that that SILCs should be consumer-controlled bodies and works hard to ensure our peers with disabilities lead the decision-making within the organization. We do not exclude underserved communities but we are always striving to improve our outreach to underserved groups. Constructive feedback on how that can be accomplished is always welcome.
1/21/2026	ACL Special Session	Kacie Weldy (INSILC)	Transparency and Responsiveness	States the Council has 14 members, 4 employed by CILs, representing four different CILs; notes limited control over Governor's appointments despite nominations.	https://insilc.org/special-feedback-session-january-2026/	https://insilc.org/wp-content/uploads/2026/01/ACL-Special-Feedback-Session-1.21.26-Transcript-PDF.pdf	INSILC currently has 14 members, 13 of whom are voting members. Of these, 9—about 69%—are not employed by the State of Indiana or by any Center for Independent Living. Council composition is set by federal requirements and gubernatorial appointments, and the majority of current members meet the criteria of being individuals with disabilities who are not affiliated with a CIL.
1/21/2026	ACL Special Session	Leslie	Transparency and Responsiveness	Critiques a SPIL evaluation report posting timeline and claims lack of dialogue and consumer voice; urges focus on housing and urgent needs.	https://insilc.org/special-feedback-session-january-2026/	https://insilc.org/wp-content/uploads/2026/01/ACL-Special-Feedback-Session-1.21.26-Transcript-PDF.pdf	The Evaluation Report for the previous SPIL was published online after the October 2024 public meeting. The report file was then transferred to our new website in January of 2025, making it available to everyone as of April 2025. Although some may not have been able to find the report on the website, it has always been there. As for housing issues, INSILC is working to orient its activities to be more focused on systems change and advocacy across the state.
1/21/2026	ACL Special Session	Renee	Transparency and Responsiveness	Questions whether certain documents were actually produced when claimed; calls for oversight to prevent retroactive postings and for systemic action from INSILC.	https://insilc.org/special-feedback-session-january-2026/	https://insilc.org/wp-content/uploads/2026/01/ACL-Special-Feedback-Session-1.21.26-Transcript-PDF.pdf	INSILC did not retroactively publish the Evaluation Report for the previous SPIL. While our old website was not easy to navigate, it was uploaded there as well as on our new website.
1/21/2026	ACL Special Session	Theresa	Transparency and Responsiveness	Argues the session prioritized scripted updates over accountability; demands the Council own past gaps, learn IL, and act on concrete responsibilities instead of "PR."	https://insilc.org/special-feedback-session-january-2026/	https://insilc.org/wp-content/uploads/2026/01/ACL-Special-Feedback-Session-1.21.26-Transcript-PDF.pdf	INSILC acknowledges this comment as an overall summary to the 1.21.26 Special Session. We are actively working to incorporate any and all feedback we receive and will continue to do better at reporting out activities completed that were called for by public comment.
12/10/2025	Public Meeting	Christian	Accessibility and Accommodation	Asks for hybrid meeting venues to consider Northwest Indiana so consumers there can participate without long travel; notes meeting tone improved versus past sessions.	https://insilc.org/public-meeting-december-10-2025/	https://insilc.org/wp-content/uploads/2026/01/INSILC-Public-Meeting-12-10-25-Transcript.pdf	Since December 10, INSILC has taken active steps to plan an event in Northwest Indiana. We will be visiting the area in early 2027 and hope to plan an additional event in 2026 that is yet to be determined.

12/10/2025	Public Meeting	Erica McFadden (ACL)	IL Philosophy	Reiterates that guardianship is inconsistent with IL philosophy; commends INSILC's move toward "Alternatives to Guardianship" framing and urges greater public posting of changes for visibility.	https://insilc.org/public-meeting-december-10-2025/	https://insilc.org/wp-content/uploads/2026/01/INSILC-Public-Meeting-12-10-25-Transcript.pdf	The Council will vote to approve the NCIL statement on guardianship at its public business meeting on March 11, 2026.

12/10/2025	Public Meeting	Jason	INSILC Outreach	Notes 60 advocates trained at a summer event and offers to volunteer; asks how to get involved and what help INSILC needs.	https://insilc.org/public-meeting-december-10-2025/	https://insilc.org/wp-content/uploads/2026/01/INSILC-Public-Meeting-12-10-25-Transcript.pdf	The best way to get involved is to reach out to INSILC at info@indianasilc.org to work on various SPIL projects and/or workgroups.
12/10/2025	Public Meeting	Jeremy	INSILC Outreach	Says town halls have drawn repeating participants rather than new local voices; urges re assessment of the format to capture broader input.	https://insilc.org/public-meeting-december-10-2025/	https://insilc.org/wp-content/uploads/2026/01/INSILC-Public-Meeting-12-10-25-Transcript.pdf	We continue to improve our outreach efforts at each town hall event which has resulted in a steady increase in attendance. INSILC is open to specific and constructive suggestions on how the format can be improved. Marketing and Engagement meetings will now be public; those suggestions can be provided at that forum.

We will make public updates on this topic as we have new information.

INSILC staff has been in touch with a board member of the National Federation of the Blind of Indiana as of 3/5/26 regarding the 2026 Town Hall events. What we haven't done well in the past we are actively working on to improve now. We appreciate your patience.
12/10/2025	Public Meeting	Erica McFadden (ACL)	Public Input/Comment	Suggests creating separate, stand alone public forums (beyond business meetings) to allow two way dialogue about SPIL development/evaluation and accessibility—ACL will attend to support constructive engagement.	https://insilc.org/public-meeting-december-10-2025/	https://insilc.org/wp-content/uploads/2026/01/INSILC-Public-Meeting-12-10-25-Transcript.pdf	INSILC hosted a Special Feedback Session with ACL on 1/21/26 which led to a robust conversation and much feedback.
12/10/2025	Public Meeting	Tammy Hollingsworth	SPIL Goals/Objectives/Indicators	Says the INSILC survey felt too general (mostly demographics + "any comments?"); recommends more targeted questions (e.g., "What changes are most needed in Indiana for PWD?").	https://insilc.org/public-meeting-december-10-2025/	https://insilc.org/wp-content/uploads/2026/01/INSILC-Public-Meeting-12-10-25-Transcript.pdf	INSILC will be partnering with the Indiana University Institute on Disability and Community to improve its survey methodology. The first meeting will be held in March 2026.

12/10/2025	Public Meeting	Jeremy	SPIL/CAP Writing Process Approvals	Urges ACL not to accept elements of the corrective action plan tied to the current forum model, arguing it's ineffective at reaching new voices.	https://insilc.org/public-meeting-december-10-2025/	https://insilc.org/wp-content/uploads/2026/01/INSILC-Public-Meeting-12-10-25-Transcript.pdf	While attendance at our town halls might not meet everyone's expectations, we have been introduced to new voices all around the state. Lack of quantity does not mean lack of quality. We're working to improve our outreach efforts at every town hall event which has resulted in a steady increase in attendance. We're also working to improve the capture and reporting of the comments we do receive, which will be displayed via this tracker format for both internal review and external review.
12/10/2025	Public Meeting	Chris Hollingsworth	Transparency and Responsiveness	Describes unanswered calls/emails to INSILC about a paratransit fare increase town hall and no INSILC presence; asks how INSILC will "try harder."	https://insilc.org/public-meeting-december-10-2025/	https://insilc.org/wp-content/uploads/2026/01/INSILC-Public-Meeting-12-10-25-Transcript.pdf	INSILC did miss the conversation on raising IndyGo paratransit fares. We are in the process of planning our future activities to be more focused on statewide advocacy so that we are able to participate and amplify important issues like this one. As for unanswered calls/emails, we apologize if we missed you. We will reach out to you in the future to answer questions or concerns.
12/10/2025	Public Meeting	Gloria Garton (IL NET/NC SILC)	Transparency and Responsiveness	Commends policy/procedure quality but emphasizes communication tone, listening, and clear public comment structure to balance accessibility with meeting business.	https://insilc.org/public-meeting-december-10-2025/	https://insilc.org/wp-content/uploads/2026/01/INSILC-Public-Meeting-12-10-25-Transcript.pdf	INSILC goes beyond what is required to offer two 15-minute public comment sections at our public business meetings. INSILC is very interested in having two-way conversations with our peers with disabilities but cannot always accommodate that within the time constraints of a meeting where business must be conducted. We will continue to offer public comment at public meetings as well as offer other input sessions where the meetings are full discussions.
12/10/2025	Public Meeting	Jeremy	Transparency and Responsiveness	Points out that September minutes claimed a second public comment period that did not occur, calling the minutes inaccurate and urging tighter practices.	https://insilc.org/public-meeting-december-10-2025/	https://insilc.org/wp-content/uploads/2026/01/INSILC-Public-Meeting-12-10-25-Transcript.pdf	The minutes were approved after an amendment to correct the error within the same meeting.
12/10/2025	Public Meeting	Peter Nye (ACL)	Transparency and Responsiveness	States ACL will revise and extend the CAP period due to implementation challenges despite meaningful progress; assigns Gloria Garton for training/technical assistance; commits to sharing specific concerns with INSILC.	https://insilc.org/public-meeting-december-10-2025/	https://insilc.org/wp-content/uploads/2026/01/INSILC-Public-Meeting-12-10-25-Transcript.pdf	INSILC will continue to work with ACL and our Technical Assistant to complete all of the elements of the CAP.
12/10/2025	Public Meeting	Tim	Transparency and Responsiveness	Requests a specific list of CAP actions taken and measurable results, and asks where the policy manual can be viewed; INSILC clarifies the manual is internal, while CAP updates are posted under the State Plan area online.	https://insilc.org/public-meeting-december-10-2025/	https://insilc.org/wp-content/uploads/2026/01/INSILC-Public-Meeting-12-10-25-Transcript.pdf	INSILC is finalizing a public facing policy manual that will be posted to the INSILC website About page in March 2026. CAP updates are posted on the State Plan page: https://insilc.org/updated-corrective-action-plan/
11/17/2025	SPIL Committee Meeting	Jackie	Accessibility & Accommodation	Gives feedback that the webinar format is confusing, they cannot see other participants, and comments often receive only "thank you" with no meaningful response; asks whether comments are accurately captured in minutes.	https://insilc.org/spil-committee-public-meeting-november-17-2025/	https://insilc.org/wp-content/uploads/2025/11/SPIL-Committee-Meeting-11.17.25-Transcript-PDF-1.pdf	INSILC will consult with our technical assistant on the recommended format of public meetings by March 13, 2026. We will provide any updates on the topic at the beginning of the June 10 public meeting.

11/17/2025	SPIL Committee Meeting	Karen	Accessibility & Accommodation	Recommends creating a plain language version of the SPIL because the full document is dense and difficult for many readers.	https://insilc.org/spil-committee-public-meeting-november-17-2025/	https://insilc.org/wp-content/uploads/2025/11/SPIL-Committee-Meeting-11.17.25-Transcript-PDF-1.pdf	INSILC is currently reviewing proposals to work with outside plain language experts. A proposal will be selected at the next May 18 SPIL Committee Meeting. The proposal will be voted on at the next full Council meeting on June 10, 2026.
11/17/2025	SPIL Committee Meeting	Renee	Accessibility & Accommodation	Suggests involving people who have difficulty understanding complex documents when creating the plain language SPIL and recommends advertising this opportunity publicly.	https://insilc.org/spil-committee-public-meeting-november-17-2025/	https://insilc.org/wp-content/uploads/2025/11/SPIL-Committee-Meeting-11.17.25-Transcript-PDF-1.pdf	INSILC will work to take plain language drafts and have them reviewed by our peers with disabilities to ensure they are indeed accessible. This will take place before a final version of the 2027-2030 SPIL is published.
11/17/2025	SPIL Committee Meeting	Jeremy	IL Philosophy	Argues that guardianship conflicts with IL philosophy, and that state funded IL services should not support guardianship; states IL philosophy should not be reinterpreted at the state level.	https://insilc.org/spil-committee-public-meeting-november-17-2025/	https://insilc.org/wp-content/uploads/2025/11/SPIL-Committee-Meeting-11.17.25-Transcript-PDF-1.pdf	The Council will vote to approve the NCIL statement on guardianship at its public business meeting on March 11, 2026.
11/17/2025	SPIL Committee Meeting	Karen	IL Philosophy	States that the IL movement should not promote guardianship in any form.	https://insilc.org/spil-committee-public-meeting-november-17-2025/	https://insilc.org/wp-content/uploads/2025/11/SPIL-Committee-Meeting-11.17.25-Transcript-PDF-1.pdf	The Council will vote to approve the NCIL statement on guardianship at its public business meeting on March 11, 2026.
11/17/2025	SPIL Committee Meeting	Beth	INSILC Outreach	Asks how to get involved and how to contact her local CIL. She is directed to email INSILC, apply for board nominations in summer, and check the INSILC Centers webpage; Eastern Indiana CIL serves her county.	https://insilc.org/spil-committee-public-meeting-november-17-2025/	https://insilc.org/wp-content/uploads/2025/11/SPIL-Committee-Meeting-11.17.25-Transcript-PDF-1.pdf	INSILC emailed Beth on 3/6/26 to check-in to make sure she is connected with her local Center for Independent Living. We will answer any additional questions she may have.
11/17/2025	SPIL Committee Meeting	Jason	Public Input/Comment	Questions whether INSILC sought required public feedback for the previous SPIL, why results weren't publicly available, and why committee members had not seen it.	https://insilc.org/spil-committee-public-meeting-november-17-2025/	https://insilc.org/wp-content/uploads/2025/11/SPIL-Committee-Meeting-11.17.25-Transcript-PDF-1.pdf	We met all required minimum standards for public and SPIL input during the previous cycle. For the next SPIL, we are intentionally building a process that gathers significantly more input from our peers with disabilities, CILs, and additional stakeholders. We acknowledge that there were opportunities to do more in the last cycle. We are committed to taking a more comprehensive approach this time.
11/17/2025	SPIL Committee Meeting	Jason	Transparency & Responsiveness	Asks why a new council application deadline appeared before a major conference, limiting participation.	https://insilc.org/spil-committee-public-meeting-november-17-2025/	https://insilc.org/wp-content/uploads/2025/11/SPIL-Committee-Meeting-11.17.25-Transcript-PDF-1.pdf	The Council always conducts a summer recruitment campaign. The dates for this campaign were set independently of other events.
